107 Tulane SE, Albuquerque, NM 87106 (505) 265-5678 Alan Fulford's cell (505) 400-0837

All equipment rentals require the lessee's signature to attest to the knowledge and understanding of the operation, precautions, limitations, capabilities and overall condition of the equipment being rented, as described and shown by the personnel of Field & Frame. The lessee, by signing, states that the equipment was delivered to him/her in good condition and in working order. Upon return, the equipment will be tested for any technical malfunctions or body damage that might have been caused during the period in which it was in the custody of the lessee, due to, but not limited to negligence, carelessness, etc. If any damages and/or malfunctions are found, the lessee assumes full responsibility for covering all the costs of the repairs or replacement of the equipment, as well as any costs related to it, such as (but not limited to) shipping, handling and possible loss of rental income. In the event of equipment partial or total loss, notification and payment arrangements must be made immediately. The lessor reserves the right to secure any collateral goods to guarantee the full payment of the lost equipment. The lessee will be responsible for any collection charges such as (but not limited to) lawyer fees, court fees, etc.

The lessor is entitled to retain a deposit fee, credit card number and/or certificate of insurance during the time the equipment is in custody of the lessee. If the equipment is returned on time and in the same condition, both physically and operationally in which it was rented out, the lessor will return the deposit fee in no more than 24 hours from the time the equipment was returned.

**The lessee is expected to return the equipment on time as listed on the contract. Failure to do so may cause a late fee to be applied toward the total amount due.**

The lessee may contact the lessor to request an extension of the rental period. However, it is not implied that the lessor will extend the rental period automatically, and it is up to the discretion of the lessor to extend such period.

Equipment will be rented and returned or made available to the lessor at times when it is not in use by the lessee. Pick up and delivery will be sole responsibility of the lessee. If the lessee is unavailable to deliver equipment, ample time should be provided for the lessor to pick up equipment (pick up or delivery charges may apply). Equipment must be insured at all times while in the possession of the lessee, and proof of insurance is required in order for equipment to be rented out.

By signing, the lessee attests to fully understanding the above rules, limitations and responsibilities.
